Welcome to the Wexford Village Association

Congratulations on your purchase of a condominium in Wexford Village. You now own from the “decorated surfaces” in, of your residence. The exterior walls and common areas (outside) are owned by the Wexford Condominium Owners’ Association, and you own a percentage of that. There is a chart on the interior of this handbook that describes who is responsible for what types of maintenance. Generally speaking, you maintain inside your residence, including windows, HVAC systems and doors, and the association maintains the exterior. Please refer to this handbook and the Association Bylaws for specifics. (If you were not provided a copy of the By Laws by the previous owner of your unit, please contact DIG Property Services for a copy or download a copy at <https://www.digpropertyservices.com/wexford/>)

The Wexford Condominium Owners’ Association Board is made up of 3 owners in the community, each elected by fellow homeowners at an annual meeting. They set our annual budget and fees and govern the enforcement and determination of rules and regulations in the community.

There is one special Annual Association Meeting of all homeowners held in the first calendar quarter, on a date and at an hour established by the Board, for the purpose of holding elections and to review the annual budget. Other meetings by the Association Board with owners/residents will be held from time to time as designated necessary by the Board. In general, an effort is made by the Board to meet with owners/residents on roughly 2-3 times throughout the year. Dates/ times of Board meetings with Wexford owners/residents are announced to all owners/residents no less than five (5) days in advance of a meeting.

Your fees are determined annually. Your operating fees pay for insurance, landscaping, water, snow removal, and general association maintenance. Your capital reserve fee collects funds for larger items, such as driveway repair, painting, and roofs.

It is very important to remember that you do not own the exterior of your unit, or your “yard.” This is considered common and limited common area and is regulated by the association. All architectural changes (inside and out, other than decorating) and landscaping revisions must be approved by the association board. Please note that major additions could require a positive vote from $\frac{3}{4}$ of the residents of the association. When it comes to voting, every unit has one vote, despite the number of “owners” living there.

The condominium association pays for insurance for the buildings and association liability. You do need to have separate insurance for your own liability and personal property. Your insurance agent can guide you.

We hope this introduction helps your transition into condominium ownership.

Section 5. Authority. The Board shall have all authority to manage, maintain, repair, replace, alter and improve the Common Areas and assess and collect funds for the payment thereof, and do organizational documents, or the Condominium Act, that are not specifically reserved to Unit owners.

Declaration Article IX - Maintenance and Repair

Section 1. Association Responsibility. The Association, to the extent funds are available for the same, shall maintain and repair the Common Areas, including and not limited to utility facilities serving more than one Unit, **utility lines in the Common Areas, lawns, shrubs, trees, walkways, drives, parking areas, fireplace stacks, liners and chimneys, and the structural portions and exterior portions of all buildings which are a part of the Common Areas and that do not constitute part of a Unit, provided, however, that the Association shall not be required to repair or maintain the patio concrete pad, or improvements, if any, thereon.**

Section 2. Individual Responsibility. Each Unit owner shall repair and maintain the Unit or Units, and all components thereof, owned by that Unit owner, and that owner's Unit's appurtenant PATIO CONCRETE pad and improvements thereon. Without limiting the generality of the foregoing, this repair maintenance responsibility of a Unit Owner shall include repair, maintenance and replacement of all windows (including sills), screens and doors, including the frames, sashes and jambs, and the hardware thereof. In the event a Unit owner shall fail to make any such repair or perform such maintenance, or in the event the need for maintenance or repair of any part of the Common Areas or Limited Common Areas is caused by the negligent or intentional act of any Unit owner or occupant, or is as a result of the failure of any Unit owner or his, her or its predecessors in title to timely pursue to conclusion a claim under any warranty, express, implied, or imposed by law, the Association may perform the same, and if the cost of such repair or maintenance is not covered by insurance, the cost thereof shall constitute a special individual Unit assessment, as hereinafter defined, on the Unit owned by such Unit owner. The determination that such maintenance or repair is necessary, or has been so caused, shall be made by the Board.

Declaration Article XI - Insurance; Losses Bonds

Section 1. Fire and Extended Coverage Insurance. The Board shall have the authority to and shall obtain insurance for all buildings, structures, fixtures and equipment, and common personal property and supplies now or at any time hereafter constituting a part of the Common Areas, or common property of the Association, against loss or damage by fire, lightning and such other perils as are ordinarily insured against by standard extended coverage endorsements, and all other perils which are customarily covered with respect to projects similar in construction, location and use, including all perils normally covered by the standard "all risk" endorsement, where such is available, issued in the locale of the Condominium Property, in amounts at all times sufficient to prevent the Unit owners from becoming co-insurers under the terms of any applicable coinsurance clause or provision and not less than one hundred percent (100%) of the current replacement cost of such items (exclusive of land, foundations, footings, excavations, and other items normally excluded from coverage), as determined from time to time by the insurer. Declaration Article XI - Insurance; Losses Bonds (continued)

Section 2. Liability Insurance. The Association shall obtain and maintain a comprehensive policy of general liability insurance covering all the Common Areas and public ways, if any, in the Condominium, insuring the Association, the Trustees, and the Unit owners and occupants, with such limits as the Board may determine, but no less than the greater of (a) the amounts generally required by private institutional mortgage investors for projects similar in construction, location and use, and (b) \$1,000,000, for bodily injury, including deaths of persons, and property damage, arising out of a single occurrence. This insurance shall contain a "severability of interest" endorsement which shall preclude the insurer from denying the claim of a Unit owner

because of negligent acts of the Association, the Board, or other Unit owners, and shall include, without limitation, coverage for legal liability of the insured for property damage, bodily injuries and deaths of persons in connection with the operation, maintenance or use of the Common Areas, and legal liability arising out of lawsuits related to employment contracts of the Association. Each such policy must provide that it may not be cancelled or substantially modified, by any party, without at least 10 days' prior written notice to the Association and to each holder of a first mortgage which is listed as a scheduled holder of a first mortgage in the policy.

Section 7. Unit Owner's Insurance. Any Unit owner or occupant may carry such insurance in addition to that provided by the Association pursuant hereto as the Unit owner or occupant may determine, subject to the provisions hereof, and provided that no Unit owner or occupant may at any time purchase individual dual policies of insurance against loss by fire or other casualty covered by the insurance carried pursuant hereto by the Association. In the event any Unit owner or occupant violates this provision, any diminution in insurance proceeds resulting from the existence of such other insurance shall be chargeable to the Unit owner who acquired or whose occupant acquired such other insurance, who shall be liable to the Association to the extent of any diminution and/or loss of proceeds. Without limiting the foregoing, a Unit owner or occupant may obtain insurance against liability for events occurring within a Unit, losses with respect to personal property and furnishings, and losses to improvements owned by the Unit owner or occupant, provided that if the Association obtains insurance for permanent improvements and built-in fixtures and equipment, then the insurance obtained by the Unit shall be limited to the type and nature of coverage commonly referred to as "tenants" improvements and betterments". All such insurance separately carried shall contain a waiver of subrogation rights by the carrier as to the Association, its officers and Trustees and all other Unit owners and occupants.

Declaration Article XV - Assessments and Assessment Liens

Section 3. Elements – Apportionment: Due Dates.

(b) Special Assessments for Capital Improvements.

(1) In addition to the annual operating assessments to construct, reconstruct or replace capital improvements on the Common Areas to the extent that reserves therefore are insufficient, provided that new capital improvements not replacing existing improvements shall not be constructed nor funds assessed therefore, if the cost thereof in any fiscal year would exceed an amount equal to five percent (5%) of that fiscal year's budget, without the prior consent of Unit owners exercising no less than seventy-five percent (75%) of the voting power of Unit owners and the consent of eligible holders of first mortgages of Units to which at least fifty-one percent (51%) of the votes of Units subject to mortgages held by eligible holders of mortgages appertain.

(c) Special Individual Unit Assessments. The Board may levy an assessment against an individual Unit, or Units, to reimburse the Association for those costs incurred in connection with that Unit or Units properly chargeable by the terms hereof to a particular Unit (such as, but not limited to, the cost of making repairs the responsibility of a Unit owner, the cost of insurance premiums separately billed to a Unit owner, and a Unit owner's enforcement and arbitration charges). Any such assessment shall become due and payable on such date as the Board

determines, and gives written notice to the Unit owners subject thereto. Additionally, during the first years of the Condominium's existence, and until such time as real estate taxes and assessments are split into separate tax bills for each Unit, the Association shall have the right to pay the real estate taxes and assessments attributable to the Condominium Property in the event the same have not been paid, when due, and assess each Unit owner for his, her or its share or such real estate taxes and assessments as a special individual Unit assessment. The share of those taxes and assessments attributable to a Unit shall be computed by multiplying the total taxes and assessments for all of the Condominium Property by the undivided interest in Common Areas attributable to that Unit. The calculation by the Association of the Units' shares of taxes and assessments shall be binding upon all Unit owners.

Clarified 9/05

Trapping and removal of animals (i.e. raccoons, skunks, opossums etc.) on the Wexford Village property is the responsibility of the association. In the event that the activities of an owner are attracting nuisance animals, i.e. birdfeeders or excessive trash, that owner can be billed for any necessary animal removal.

9 – ORNAMENTAL & HOLIDAY DECORATIONS

Clarified 9-09

Garden ornaments are restricted to no more than 18 inches high in front of the unit owners' residence, and must be displayed at either side of the front door or in the mulched areas only. Ornaments in **front or rear** of units must not interfere with grounds care personnel and equipment. Items that create safety or nuisance issues will be removed at Board discretion. Large landscape items such as benches, birdbaths, and other items must be submitted to Board for approval.

Winter Holiday Decorations may be displayed in the limited common areas (front and back porches/patios) provided the decorations do not damage buildings, gutters or siding. They may not be displayed before Thanksgiving Day, and they must be removed no later than January 7th of the following year.

Other holiday decorations are permitted under the same guidelines, and may not be displayed more than 30 days before or one week after a holiday.

10- Cable TV/Satellite Dishes

Clarified 9-09

TV Cable

Wexford Village currently has arrangements with both Breezeline and Spectrum to provide cable TV/internet services in the community. The physical cable for the services provided by Spectrum is in the basement ceilings of all Wexford units; the cable for Breezeline's services is buried in the back yards of all units.

NO NEW ADDITIONAL CABLE SHOULD BE BURIED ON THE WEXFORD PROPERTY WITHOUT THE EXPRESSED ADVANCED PERMISSION OF THE ASSOCIATION.

Satellite Dishes

Wexford residents who wish to use a satellite dish to receive TV services for their unit may do so but **must place the dish on their individual patio area only and not attach it to any Wexford Building** or place it on the common areas of the Wexford property. (Please note: before an owner goes to the expense of acquiring a satellite dish, he/she may want to confirm that he/she will be able to receive an adequate signal if the dish is placed as required on the owner's patio.)

SATELLITE DISH AGREEMENT

Agreement dated _____. Effective _____, for the privilege of having a satellite dish installed at my condominium located at _____, unit owner agrees to the following provisions:

Unit owners wishing to install satellite dishes must adhere to the following rules:

- **Written notice must be given to the board of your intent to install a satellite dish.** This must be done prior to installation.
- **The satellite dish must be installed within your condominium, or in a discreet area exclusive to your condominium.** It must be installed within the confines of your rear garden area and may not extend beyond the edge of your garden area. You may not hang the dish out of a window. The dish must be installed so as to be as invisible as possible while still receiving a signal.
- **Installation must not damage the condominium or building.** You may not drill holes in railings, exterior walls or any other location. The only acceptable way to install the dish is with a removable clamp that does not require drilling. The dish must be mounted securely so that it cannot be dislodged. A removable “through the glass” transmitter must be used to transmit the signal from the dish to the interior of the condominium (Radio Shack carries such a transmitter called “Glass Link”). You are responsible for returning the premises to the condition that they were in prior to the installation of the satellite dish when it is removed.
- **You are liable for any injury or damage to persons or property caused by your dish; therefore, you must maintain liability insurance to cover any such injury or damage** as long as you have the satellite dish at our community. Proof of said insurance (insurance certificate) must be provided to our office within thirty (30) days of installation. The satellite dish is installed and operated at your own risk.
- **Association is not responsible** for any damage caused to disk by landscaping crews, maintenance, or any other source. Association is not responsible in any way for maintenance to satellite dish.

I (we) have read the above Lease Addendum and rules, understand them and agree to abide by them.
